PROFESSIONAL SUMMARY

Agile Scrum Master and Project Manager with **18 years of experience** across telecom, QA and fintech delivery, including **12 years at BankBazaar.com** delivering products across **India, Malaysia and Singapore**: Personal Loans, Home Loans, Car Loans, Credit Cards, Mutual Funds and Insurance. **SAFe Agile certified**, with hands-on experience running Scrum teams, managing releases and working with partner banks, agencies and leadership. Builds practical automation and tools: **daily performance reporting with Python and Power Automate**, internal PM dashboards, and AI-assisted social media workflows with **n8n and Claude AI** that lifted engagement by ~40%.

WORK EXPERIENCE

Agile Scrum Master and Project Manager
2014 – Present

BankBazaar.com · A&A Dukaan Financial Services Pvt. Ltd.
Chennai, India | Malaysia | Singapore

- Scrum Master and Project Manager for multiple **cross-functional agile teams**, owning end-to-end delivery of BankBazaar's lending, cards, investment and insurance products.
- Facilitated all **Scrum ceremonies** (Sprint Planning, Daily Standups, Reviews, Retrospectives) and coached teams on Agile and Scrum practices.
- Removed **blockers** across dev, QA and product tracks, reducing sprint carry-over and improving delivery predictability.
- Tracked **velocity, burndown and capacity**, and reported them to stakeholders to support release planning.
- Worked with Product Owners on **backlog prioritisation, story refinement** and Definition of Done.
- Coordinated **production releases and partner bank integrations** (e.g. CKYC flows, UAT), working with internal teams and external partners through QA and go-live.
- Led **international expansion** to Malaysia and Singapore: cross-geography delivery, regulatory considerations and multi-stakeholder communication.
- Managed **project risks** through RAID logs and early escalation, ensuring timely completion with zero critical delivery failures.
- Used **n8n and Claude AI** to automate sprint status reports, stakeholder updates and cross-team communication.

Social Media Strategist (Additional Responsibility)
Oct 2025 – Present

BankBazaar.com · A&A Dukaan Financial Services Pvt. Ltd.
Chennai, India

- Designed the **social media strategy** and monthly **content calendars** across Instagram, Facebook, LinkedIn and Twitter/X, improving brand visibility and engagement.
- Built automated content creation and scheduling pipelines using **n8n and Claude AI**, reducing manual planning effort by ~50%.
- Improved posting frequency by **3x** and boosted audience engagement by **~40%** through AI-assisted content and data-driven strategy.
- Built automated **performance monitoring** in n8n — delivering weekly analytics insights via Slack to leadership.

Earlier Experience

Senior Test Engineer · Stag Software Pvt. Ltd., Chennai — **2012 – 2014**
Led weekly release cycles for mobile and web fintech apps, ran root cause analysis on defects, and aligned testing with sprint and release timelines.

Test Engineer · Four Soft Pvt. Limited, Hyderabad — **2011 – 2012**
Functional and regression testing, test documentation and defect reporting within sprint cycles.

OMCR Engineer · BSNL (Aster & Skytel) — **2008 – 2011**
Network operations, quality assurance and system monitoring for telecom infrastructure.

KEY PROJECTS

White Digital Performance Reporting Automation

BankBazaar · 2026

Tools: Python · Power Automate · Windows Task Scheduler · Microsoft Teams · Excel

- Took over a **manual daily reporting process** from a colleague and led it end to end: requirements, build, testing, rollout and handover to stakeholders.
- Worked with the **founder, marketing, finance and the external agency** (White Digital) to agree the report format, delivery timings and target tracking (**1,000 subscriptions a day**).
- Delivered a **daily Teams report and Excel** to two stakeholder groups, replacing the manual process.
- Managed **risks and issues**: diagnosed recurring failures (API outages, a duplicate-send risk, flow errors), added retries and duplicate-send protection, and documented fixes.
- Ran the **weekly agency review calls**, preparing data-backed questions and action plans with owners and dates.

BB Product Management Dashboard

BankBazaar · 2026 · Self-initiated

Built with: HTML · browser-based · OneDrive backup · zero budget, no external tools

- Built a **PM dashboard from scratch** to replace fragmented spreadsheets, with a **Project Pipeline Tracker** (health, status, platform, priority, vertical) giving leadership a single view of all active work.
- **BB ↔ WD Weekly Call Tracker** with direct Excel import, auto-deduplication of carry-forward action items and live status updates, cutting manual MoM effort every week.
- **Automated weekly status reports** delivered directly via chat, removing the need to compile and share updates by hand.
- **Process Register** with an 18-point audit checklist mapped to every project, enabling PM sign-off, approval timestamps and audit-ready compliance reporting.
- Integrated **Production Bug Tracking, HDFC UAT and CS Cadence** modules to bring all PM workflows into one place, with snapshot sharing for team visibility.

SKILLS & TOOLS

Agile & Scrum

SAFe Agile · Scrum · Sprint Planning & Reviews · Retrospectives · Backlog Grooming · Velocity & Burndown · Definition of Done

Project Management

Stakeholder Management · Risk & Issue Management · RAID Log · Release Management · Vendor & Agency Management · Resource Planning

PM & Tracking Tools

Jira · Google Docs · Smartsheet · Bugzilla · YouTrack · FreshService · MS SharePoint · Microsoft Office 365

AI & Automation

n8n Workflow Automation · Claude AI · Python · Power Automate · Windows Task Scheduler · Prompt Engineering · API Integration · Content Pipeline Automation · Automated Reporting

Social Media Management

Content Strategy · Content Calendars · Instagram · Facebook · LinkedIn · Twitter/X · Social Media Analytics

Tech & Platforms

HTML · React · Supabase · PostgreSQL · Cloudflare Pages · Slack · Microsoft Teams · Linux · Windows

KEY ACHIEVEMENTS

🏆 **BankBazaar Excellence Performance Award** — Recognised for outstanding contribution and leadership on a high-impact mobile app project.

🛠 **Shipped a Live Full-Stack Team Dashboard** — Built and deployed a hosted web app (React + Supabase + Cloudflare Pages) on my own, with no engineering support; used daily by the team.
